MERCHANDISING PLAN FOR THE RADIANCE PATTERN

The Radiance pattern is being introduced with a new merchandising plan for Fostoria. To encourage store customers to buy in larger units, an attractive savings of approximately 10% will be offered for place setting purchases. The stores regular mark-up will be maintained on the "special price" (when the pieces are sold by place settings), and open stock sales of the same items will be at a better mark-up.

HERE IS HOW THE PLAN WILL WORK

1. All items in the Radiance pattern will be bought from Fostoria at the list price less the regular discount. The stores may purchase by place settings or by individual items in whatever quantities they wish.

2. The list price becomes the "special price" when the pieces are sold in special groups. A suggested retail price (approximately 10% higher) becomes the regular retail open stock price.

3. There will be three "special price" groups. When a prospective customer shows interest in this pattern, they can be shown a savings if they buy a special group rather than buying the items separately.

4. All of the table pieces are not included in "special price" units. Those which are not included would be bought by a store at the list price less the regular discount and retailed at the list price as has been customary.
